ANANYA PATHAK

Full Stack Developer

📞 +91-7800212481 @ ananyapk043@gmail.com 🔗 Portfolio - https://www.devdotmoron.com

SUMMARY

I am an experienced Full Stack Developer with over 2.5 years of hands-on experience throughout the software development lifecycle. My expertise includes estimating, designing, implementing, documenting, testing, deploying, and supporting applications for diverse clients. I excel at collaborating with cross-functional teams to deliver high-quality software solutions that enhance performance and user experience

EXPERIENCE

Associate Engineer

BT Group

📅 11/2022 - Present

A leading provider of communications services

- Developed and implemented Java-based solutions to significantly enhance network performance, reducing latency and improving data processing speeds
- Integrated third-party APIs to extend system functionality, improving user experience and ensuring secure data exchange
- Automated deployment processes using Maven, reducing manual intervention and increasing deployment speed
- Collaborated with cross-functional teams to identify and resolve performance bottlenecks in Java applications

Software Development Engineer, Intern

Cambey & West Inc

📅 07/2022 - 10/2022

A company focused on software solutions

- Designed an efficient data model in Java to store company-specific data in MongoDB
- Created multiple design options, evaluated cost and efficiency, leading to a design that was approximately 20% faster than MySQL

EDUCATION

Bachelor of Technology

United college of Engineering & Research

📅 07/2019 - 07/2022 📍 Prayagraj

Diploma

Government Girls Polytechnic college

📅 07/2017 - 07/2019 📍 Gorakhpur

SKILLS

dApps Truffle Tailwind CSS

TypeScript() Mocha Testing Git

GitHub Heroku HTML5

InFluxDB IntelliJ Java Python

JavaScript() Docker JIRA

JUnit Latex MongoDB Maven

Mongoose Nginx OAuth

Postman React.js Redis

Redux Cryptography Rust

Solidity SpringBoot Node.js

Hibernate Express.js MySQL

Firebase CI/CD Pipelines

RESTful APIs WEB3.js Flask

PROJECTS

Personal Finance Management App

- Developed an application to help users manage finances, track expenses, and set budgets with data visualization and API integration

Task Manager Application

- Developed a web-based task management tool allowing users to create, update, and track tasks
- Implemented RESTful APIs using Node.js and Express.js, integrated MongoDB for scalable data storage, and employed real-time notifications

Game Development with Bevy

- Developed a 2D or 3D game implementing game mechanics, physics, and graphics rendering
